aesthetic services.

Royal  
AESTHETICS

# The founder

Naiara Pimenta is an experienced and dedicated businesswoman and aesthetician with a proven track record in the aesthetics industry. Continuously committed to staying up-to-date with the latest advancements and techniques, she invests in highly qualified professionals to work alongside her in her esteemed company.

## MISSION

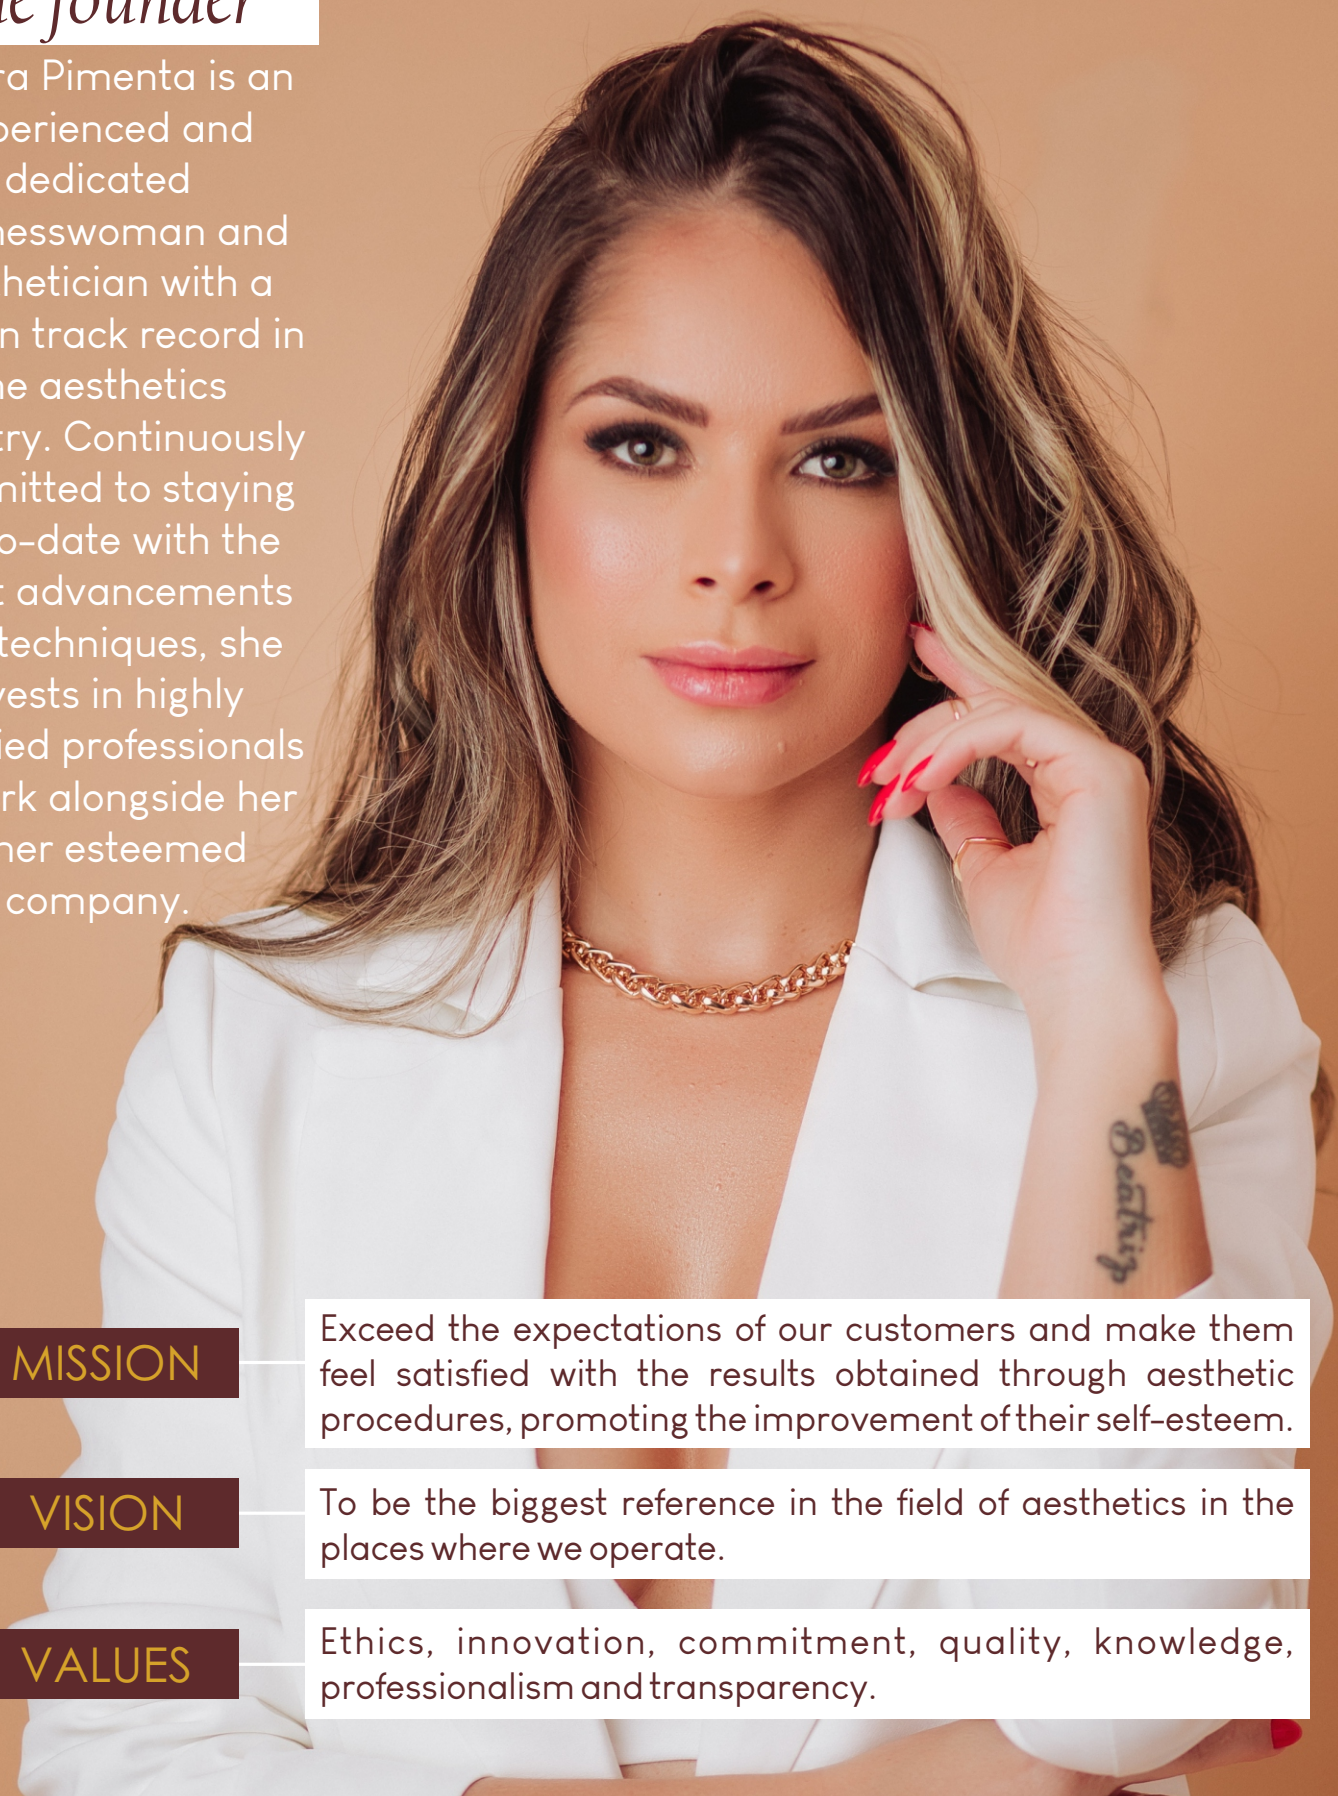

Exceed the expectations of our customers and make them feel satisfied with the results obtained through aesthetic procedures, promoting the improvement of their self-esteem.

## VISION

To be the biggest reference in the field of aesthetics in the places where we operate.

## VALUES

Ethics, innovation, commitment, quality, knowledge, professionalism and transparency.

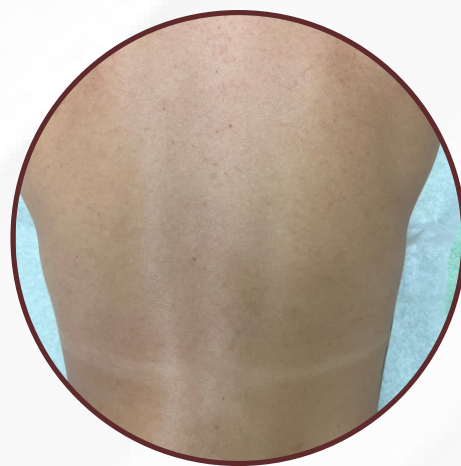

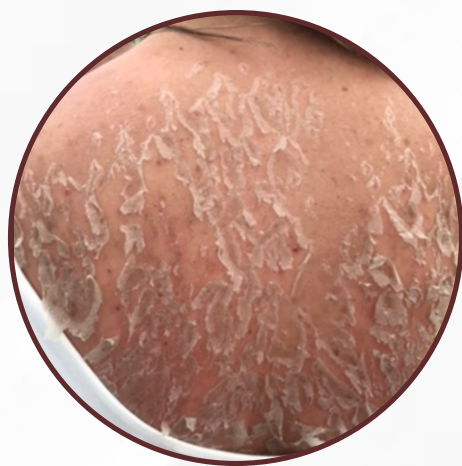

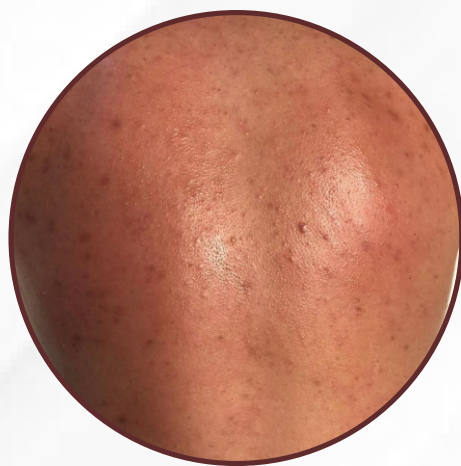

# Body procedures

## Body Chemical Peel

This advanced process rejuvenates the skin by enhancing its tone and texture. It involves the application of chemical acids that gently exfoliate the outermost layer of the skin, revealing the youthful, healthy layers underneath.

Your favorite  
procedures in  
only one place

## *Body Contouring*

It is a non-invasive treatment that effectively targets fat reduction, body contouring, and skin tightening while enhancing blood circulation and reducing bloating and swelling.

## *Coolsculpting*

This innovative treatment utilizes a non-surgical, non-invasive technique that freezes and eliminates fat cells beneath the skin, resulting in a reduction of cellulite and a more toned appearance.

## *Lymphatic Drainage*

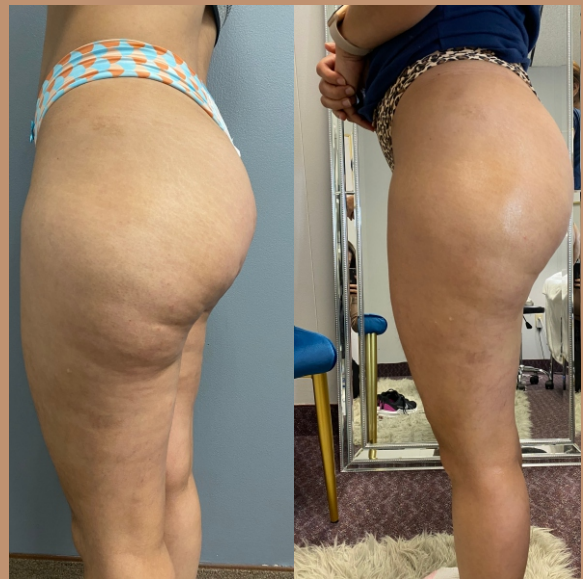

A type of massage technique that helps to stimulate and improve the flow of lymphatic fluid, which can help to reduce swelling, detoxify the body, and boost the immune system.

## *Power Body Harmonization*

This highly intensive treatment is designed to enhance muscular hypertrophy, elevate caloric expenditure, and effectively reduce the appearance of flaccidity and cellulite.

## *Brazilian Body Harmonization*

It aims at reshaping and contouring different areas of the body, to achieve a more harmonious look.

## *Brazilian Butt Lift*

It is a technique provides a noticeable enhancement of your curves, creating a better balance of proportions.

## *Pressurized Intradermotherapy Enzymes*

This non-invasive technique treats cellulite, flaccidity, facial skin devitalization, stretch marks, and localized fat. A high-pressure jet releases actives into the skin and subcutaneous tissue, providing targeted relief and rejuvenation for anyone.

## *Head- to- toe Detox Revitalization*

It refers to a full-body revitalization aimed at improving health and wellness through various treatments and therapies.

## *EstriOFF*

The treatment combines multiple procedures, including microneedling, red light therapy, and the use of a specific serum, all of which work together to effectively reduce the appearance of stretch marks.

Massage

Relaxing Massage

## *IPL Hair Removal*

IPL (Intense Pulsed Light) hair removal is a safe and effective method for reducing unwanted hair growth. By using targeted light energy, IPL hair removal destroys the hair follicle at its root, resulting in smoother, hair-free skin.

- Armpits;
- Back;
- Brazilian bikini;
- Full legs;
- Half leg;
- Upper lip.

## *Brazilian Wax*

Waxing is a popular, long-lasting hair removal technique that offers a stubble-free alternative to standard shaving. By removing hair at its root, waxing leaves skin with a soft sheen and a smooth, hair-free finish.

- Armpits;
- Back;
- Brazilian bikini;
- Brazilian line;
- Chin;
- Full abdomen;
- Full arm;
- Full facial;
- Full legs;
- Lower legs;
- Upper lip.

## Laser Tattoo Removal

Laser tattoo removal is a method of removing tattoos using a specialized laser device that delivers intense pulses of light to the targeted area of skin. The laser light is absorbed by the tattoo ink particles, causing them to break down into smaller pieces that can be naturally eliminated by the body's immune system.

ONE SESSION

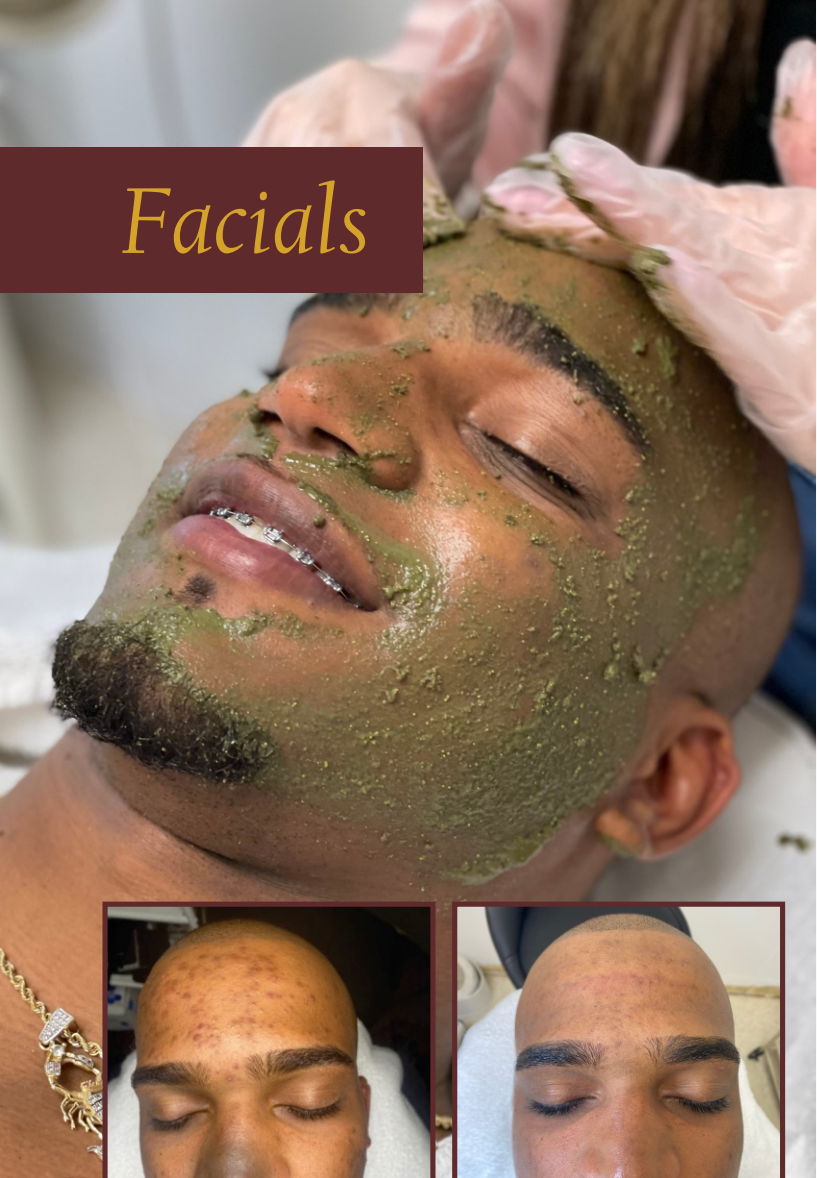

*Remember, by investing in yourself and your health, you're better equipped to take on life's challenges and achieve your goals.*

# Facials

## Rose de Mer Peeling

Rose de Mer Peeling is a procedure that uses friction and marine silicates to gently lift the top layer of the epidermis, promoting the shedding and removal of dead skin cells. This exfoliation process stimulates the skin's natural rejuvenation process, resulting in a more youthful and radiant appearance.

\*Also available as a body procedure.

## Dermaplaning

Dermaplaning is a cosmetic procedure that involves using a surgical scalpel to gently scrape away the top layer of dead skin cells and fine vellus hair from the surface of the skin. This exfoliation process helps to smooth the skin's texture and can also improve the appearance of fine lines, wrinkles, and hyperpigmentation.

## *Melasma Advanced Treatment*

This advanced treatment involves a multi-step process that begins with a thorough facial evaluation and cleansing. The treatment typically combines two or more procedures, such as chemical peels, microneedling.

*Healthy skin is a lifelong investment.*

## *Deep Facial*

This procedure aims to deeply cleanse the skin by eliminating dead skin cells, pimples, and impurities, while simultaneously infusing nourishing ingredients into the skin for a healthier, more radiant complexion.

## *Facial Skinbooster*

This is an intensive treatment designed to reduce skin laxity and increase facial rejuvenation, resulting in a firmer, more youthful appearance.

## *PCA Chemical Peel*

PCA chemical peel treatments are scientifically formulated to gently exfoliate, stimulate, firm, and tighten the skin. This treatment encourages the skin to shed dead cells and promote the growth of new, fresh skin, resulting in a smoother, more youthful appearance free of signs of aging, sun damage, and impurities.

## *IPL Photofacial Black Spots*

IPL treatment is effective for dark spots on the skin. The treatment selectively heats up the pigment, lifting it to the surface where it is naturally removed by the body's exfoliation process, without harming the surrounding tissue.

## *Microneedling*

It's a process of making small holes in the skin to stimulate natural healing and produce new collagen and elastin fibers. It can improve the appearance of fine lines, wrinkles, acne scars, stretch marks, and hyperpigmentation, resulting in smoother, firmer, and more radiant skin.

## *Facial Lymphatic Drainage*

It's a gentle massage technique for the face and neck that improves lymph flow, reduces swelling, and promotes a brighter complexion. It helps remove waste and toxins by stimulating the lymphatic system, reducing inflammation, and eliminating excess fluid.

## *Cryo Lifting*

It is a non-invasive treatment that uses a specialized device to apply extremely low temperatures to the skin. This helps to stimulate collagen production and improve skin elasticity, resulting in a firmer and more youthful-looking complexion. The treatment can also reduce the appearance of fine lines, wrinkles, and age spots.

\*Also available as a body procedure.

# *Eyelashes*

## *Lash Lift*

This is a semi-permanent procedure that uses all-natural techniques to enhance the appearance of your lashes, making them look thicker and fuller.

## *Eyelash Extensions*

Eyelash extensions are synthetic or natural fibers that are attached to your natural lashes using semi-permanent glue. They can make your lashes appear longer, fuller, and darker, and are a popular beauty treatment.

A diverse range of options to suit your personal preferences and style.

*Brazilian  
Volume*

*Hybrid*

*Russian  
Volume*

*Wispy*

*Upgrade your lash game with stunning eyelash extensions – longer, fuller lashes for a naturally beautiful look!*

# *Eyebrows*

## *Nano Brows (Nanopigmentation Eyebrow)*

Transform your sparse or thin eyebrows with the latest semi-permanent cosmetic tattoo technique - Nanoblading. Our fine nano needle technology creates a natural-looking, fuller appearance while also allowing for precise shaping to perfectly frame your face.

## *Wild Brows*

This innovative design technique aims to conceal any flaws in the eyebrow area while also creating a fuller and more stylized look. Choose from a range of styles, from a sleek, defined look to bold and bushy brows, to suit your unique preferences.

## *FlowUp Tint Brows*

Enhance your natural brow color and achieve a soft, smooth look with our gentle eyebrow tinting procedure. Our technique expertly colors only the brow hairs without affecting the underlying skin, giving you a long-lasting, natural-looking result that lasts for up to 2-3 weeks.

## *GrowUp Brows*

This treatment utilizes microneedling and a high-tech serum containing nutrient-rich formulas, resulting in stronger and more nourished brows.

## *Henna Eyebrow*

Elevate your eyebrow game with our Henna brow treatment, which uses a natural dye to tint the skin underneath brow hairs, producing a shadow effect that enhances depth and fullness, filling in any sparse areas.

## *CleanBrows (Eyebrow Design)*

Achieve harmonious and perfectly designed eyebrows that enhance your facial features with our precision shaping procedure. Our expert technicians consider your unique face shape, volume, and measurements to create a flawless look with no unflattering angles.

# Lips

## InfinityLips

### Nanopigmentation

This procedure adds a subtle touch of the 'infinite edge,' reviving your lips by introducing new color and providing a slight volume boost.

## PumpLips

Rejuvenate and hydrate your damaged lips with our treatment, providing a youthful appearance with a temporary pop of color lasting up to 2 weeks.

## TintLips

This procedure revitalizes and rejuvenates damaged lips, restoring their natural color and youthful appearance.

# Injectables

## *Botox and Fillers*

By injecting filler into these areas, this procedure not only aims to harmonize the face but also helps to diminish wrinkles and fine lines, resulting in a more youthful appearance.

*Areas: lips, nasal, labial folds, cheek, chin and jawline.*

## *PRP Treatments*

PRP treatment, or platelet-rich plasma treatment, is a medical procedure that involves extracting a small amount of a patient's blood, processing it to concentrate the platelets, and then injecting the concentrated platelets back into the patient's body. The platelets contain growth factors that promote healing and tissue regeneration, making PRP treatment useful for a variety of conditions, such as sports injuries, osteoarthritis, and hair loss.

PRP - Facial Rejuvenation with Microneedling

PRP - Under Eyes Treatment

PRP - Hair Restoration

### *Infusions*

- Energy;
- Immunity;
- Myers cocktail;
- Vitamin C.

### *Injections*

- B12 and Lipolean;
- B12 only;
- LipoLean only.

### *Secret RF*

By penetrating the skin to different depths and utilizing radiofrequency energy, Secret RF microneedling triggers the body's inherent healing mechanism to generate collagen. This innovative and patented technology produces a more significant effect in collagen production compared to other microneedling techniques.
